A Prominent Physician. A prominent New York physician discussing the merits of Ripans Tabules with a brother M. be put up in the form of a ketchup and distributed among the poor." The largest retail drug store in America is that of Hegeman & Co. on Broadway in New York City. A reporter who went there to learn how Ripans Tabules were selling bought a five coars.

He was referred to agentleman who proved to be the head of the depart-

He said: "The sale of Ripans Tabules is objected to their mother giving a constant and is increasing, due testimonial which should parade her constant and is increasing, due especially to the influential character of the testimonials in the daily press, and growing out of these, through and growing out of these, the ndation of friend to friend. Satisfaction with them is very general. When since they are

begun I notice that a permanent customer for them is made. This, I believe, is through their intrinsic merit, which proves the boun fide character of the advertising. Ithink them specially useful in the general run of stomach troubles."

said to a reporter who visited her for the purpose of learning the particu-lars of her case: "I had always employed a physician and did so on the last occasion I had for one, but at that time obtained no beneficial results. I had never had any faith in patent medicines, but having seen Ripans Tabules recommended very highly in the New York Hereld con-cluded to give them a trial and Ripans Tabules TEN FOR FIVE CENTS ONE CIVES RELIEF

and I am sure I take great pleasure
in recommending the Tabules to any
one afflicted as I was. If the telling about my case in the papers enables some other person similarly affected to be as greatly benefited as I have been. I see no objection." The daugh-ters, knowing how earnestly she felt about the benefit she had received, decided she was quite right.
